

WE'RE HIRING: Hybrid RVT - Road & Clinic

 *Miller Veterinary Service – Chatsworth, ON*
 *Full-Time 40 hours/week | 3 Days On-Farm | 2 Days In-Clinic*
 *Includes 1 in 3 Saturday mornings (rotating)*
 *\$27/hour + mileage, CE, and more*

Do you love cattle, country roads, and the kind of clinic where coffee and collaboration go hand in hand?

Miller Veterinary Service is looking for a **Registered Veterinary Technician** to join our team in a **hybrid role** — part-time **on the road**, part-time **in-clinic helping clients, running labs, and completing records**. This role includes a **rotating Saturday morning in-clinic shift (approximately 1 in 3 weekends)** to help us stay responsive and available to producers.

We're a rural, large animal practice that believes in practical care, good communication, and rolling up our sleeves to get things done. The vibe here is professional but down-to-earth — we take our work seriously, but we still laugh in the truck, check in with each other, and celebrate both big and small wins. This is a team where you'll be supported and appreciated.

What You'll Do

Field Days (3x/week)

- Assist Veterinarians on farm:
 - Assist with **bovine herd work**, BSEs, and repro programs
 - Vaccinations
 - Support **equine appointments** as needed
- **Independently scheduled appointments on farm:**
 - **Disbud calves**, hormone shots, vaccinations, collect samples
 - Help with **calf health**, scour prevention, and dairy support
- Maintain vet packs and record treatment data

Clinic Days (2x/week)

- Answer phones, schedule calls, talk to producers
- Process payments, update records, support orders
- Run **mastitis cultures, fecal analysis**, and in-house lab tests
- Analyze herd data (DairyComp, DHI), prepare **ProAction materials**

Weekend Rotation

- Be available to work every 3rd **Saturday morning**
 - Provide front desk and lab support alongside the vet on call
-

Who You Are

- **RVT** in good standing (required)
 - **Growth mindset**, looking to develop and build onto our team
 - Confident with cattle and livestock handling
 - Independent, organized, and a clear communicator
 - Comfortable working on-farm in all weather
 - Valid Ontario driver's license + reliable vehicle
 - Friendly and steady under pressure
-

Bonus if you have:

- DairyComp or herd software experience
 - ProAction or calf program knowledge
 - Equine handling experience
 - A travel mug and a great playlist
-

What We Offer (and much more!)

- **Hourly wage: \$27/hour**
 - **Mileage reimbursement**
 - **Uniform allowance**
 - **Continuing education (CE) support and allowance**
 - Flexibility and support in a no-drama, no-egos environment
 - A meaningful role where your work directly helps local farms
-
